

AD Testing Services  
Refer More Save More! Referral Program

AD Testing Services is offering you the ability to save a hundred of dollars on your purchase from us! Starting in the 2009-2010 school year AD Testing Services will be rolling out its "2 to 1 Referral Program." The "2 to 1 Referral Program" allows a customer the ability to refer schools to our services with the eventual benefit ultimately being a SUBSTANTIAL discount on your next purchase with us!

The "Refer More Save More! Referral Program" works as follows:

- \*Customers (paying) are the only individuals who are allowed to participate in the program
- \*Customers will have the opportunity to refer 2 other schools to our services
- \*These two schools which are referred to us are sent a mailer with our product information and an overview of our company. At this point the 2 schools have two options: (1) ORDER or (2) DON'T ORDER
- \*If either school decides to buy at least \$150.00 worth of merchandise from AD Testing Services you will earn 1 credit towards your next purchase with us (1 credit = 25% discount). If both schools decide to order at \$150.00 worth of merchandise you will receive 2 credits towards your next purchase with us (2 credits =50% discount)
- \*Discount credits earned during a given year must be applied to next year's purchase (no exceptions)
